Pedestrians must:

- Use sidewalks whenever available.
- Obey traffic signals, signs, and markings.
- Cross streets at a corner, using traffic signals and crosswalks whenever possible.

Pedestrians should:

- Always stop at the edge of a parked car, curb, or vehicle before walking out into traffic.
- Look left-right-left before crossing a street and continue looking while crossing.
- Make eye contact with drivers prior to crossing roadways.
- Be visible: wear reflective clothing and lights at night and wear bright colors during the day.
